Seminar

This NO FEE informational session will assist in putting together the pieces of the puzzle that is starting a business. This is free assistance in business planning, finances, credit score, and licenses. This session will offer an interactive interview with a local entrepreneur that has used these resources in starting their business. Lastly, this session is designed to have an interactive panel with SBA Microlenders that truly can provide alternate funding for small business startups, this is your chance to meet with lenders and ask questions too! Afterwards, you'll have time to network and make appointments.
